SLATBOX® FAQ's

Working Load Limit

Slatbox products are tested to determine recommended working load limits with a NATA Accredited Testing Centre. Test results available on request.

Colour

Slatbox products are made from UV-stablised polypropylene and are highly resistant to colour fade.

Sterile Environment

Slatbox polypropylene products are ideal for clean-room environments, such as hospitals. The bins are made from virgin polypropylene and can withstand heat sterilisation and are dishwasher and food-safe.

Warranty

Slatbox products are covered by a 12 month manufacturer's warranty against manufacturing defects.

Intellectual property

Worldwide design patents in place and patents pending.

Custom manufacturing

Custom design and manufacturing available on request.

Master importer and distribution opportunities

Slatbox has a network of master importers and distributors around the world. If you would like to join the Slatbox distribution network, contact Becky Moloney on becky.moloney@slatbox.com
